

SUPPORT YOUR RIGHT TO RIDE!

Dear Valued Roseville Yamaha Kawasaki Customer,

We've heard from many of you that you would like to support the organizations that are working aggressively to protect our riding areas, but you are unsure which organizations are the right ones to donate to. We've made it simple for you! There are three (3) key organizations that are VITAL to keeping our riding areas open to off-road recreational use:

NATIONAL LEVEL SUPPORT - The BlueRibbon Coalition, a national 501 (c) (3) non-profit trail-based recreation group, is OHV's counter-weight to the anti-access agenda of radical environmental groups. BRC has a proven track record as OHV's most effective national grassroots group. BRC champions responsible OHV recreation on Forest Service, BLM, and other public lands in the administrative, planning, legislative processes and legal arena.

LOCAL/STATE LEVEL SUPPORT - AMA District 36 is sanctioned by the American Motorcyclist Association and is one of the only District's in the country to have a full-time on staff. D36 champions OHV recreation in the State Capitol and at various land-agency departments in California and Northern Nevada. It works directly with legislators and agency staff to defend OHV recreation from unjust laws and rules.

FEDERAL ELECTIONS - The Trail Political Action Committee (TPAC) was founded as the first national non-partisan political action committee dedicated solely to championing responsible off-highway vehicle recreation on designated roads, trails, and areas on public lands through the electoral and legislative processes. TPAC believes that "all land-use decisions are political decisions." The TPAC strategic goal is simple. TPAC will contribute to pro-access politicians who will support OHV recreation friendly legislation and oppose anti-access proposals and agency overregulation. www.thetrailpac.com

Happy Riding!
